

2-Xperience Primary Acryl

Limited edition turntable

- Belt driven turntable with 2-step pulley
- Stand-alone motor base
- 33/45 rpm with manual speed change
- MDF platter with felt mat & record clamp
- 9" aluminium tonearm
- Audiophile grade tonearm cable *Connect it E* included
- With or without pre-mounted Ortofon 2M Red cartridge
- Available in 3 different transparent acrylic finishes: Blue, Green, Orange

Principle	Belt drive
Platter	MDF
Nominal speeds	33/45 rpm
Speed variance	33: ±0,40% 45: 0,35%
Wow and flutter	33: ±0,19% 45: 0,17%
Signal to noise	-65dB
Tonearm	9"; aluminium
Effective tonearm length	9" (230mm)
Overhang	18mm
Effective tonearm mass	15g
Optional MM Cartridge	Ortofon 2M Red, pre-mounted
Accessories	Clamp, RCA cable, power supply
Turntable lid	No lid included
Power consumption	5W max/ >0,5W standby mode
Outboard power supply	15V DC / 800mA, 90-264V AC, 47 – 63Hz
Dimensions (W x H x D)	465 x 130 x 340mm
Weight	6,5 kg
Acrylic finishes	Blue, Green, Orange

2-Xperience Primary Acryl 2M Red

Limited edition audiophile turntable with acrylic chassis and class-leading sound!

2Xperience Primary Acryl is an ultra-stylish record player that uses advanced technology for great sound. A quiet running AC motor with a two-step pulley drives the platter's outside edge via a belt. The resonance-optimised MDF platter with screw-down record clamp runs on a low-tolerance stainless-steel axle with Teflon bearing plate in a sintered bronze bearing housing. The transparent acrylic plinth stands on three height-adjustable TPE-damped aluminium cones. An external power supply avoids potential electro-mechanical interference.

The sophisticated 9" tonearm uses a one-piece aluminium headshell & armtube and an inverted bearing design with four hardened ABEC7 spec ballraces. The solid armbase permits accurate height adjustment of armtube and VTA (vertical tracing angle) if needed. The internal wiring consists of flexible high-purity copper from the headshell right through to the gold-plated phono sockets. Optional it is available with pre-mounted high-quality moving magnet cartridge *Ortofon 2M Red*.
