

# HEAD BOX S2 DIGITAL

Headphone amplifier and DAC with 32bit and DSD256 support

MSRP 299 € (incl. VAT)

colour options:

- High end ESS Sabre ESS9038 DAC
- Proprietary clock circuitry design
- Organic polymer capacitors and thin film miniMELF resistors
- 32bit / 768kHz decoding
- DSD64, DSD128 & DSD256 (DSD over PCM)
- Up to 24bit/192kHz for optical & coax inputs
- 5 selectable digital filter characteristics
- 1 proprietary optimum transient digital filter
- Headphone output on the front (6.3mm)
- Synchronization of all internal oscillators
- Jitter as low as 100 Femtoseconds!
- Gold plated four layer PCB
- Full alu/metal sandwich casing in silver or black

**3 digital inputs:** 1x coax (S/PDIF), 1x optical (TOSlink®), USB B  
**D/A-converter:** 1x ESS9038Q2M 32-bit PCM 768kHz / DSD256  
**Headphone amplifier chip:** ESS9063  
**Sampling rates:** 32/44,1/48/88,2/96/176,2/192/352, 8/384/768 kHz  
**DSD support:** DSD64, DSD128, DSD256  
**Filter settings:** 5 different selectable on front  
**Frequency response:** 20Hz - 20kHz  
**Analogue out:** 6.3mm Headphone Out (front), 1x Pre Out (RCA)  
**Output voltage:** 2,05 Veff  
**Headphone output:** power 68mW (32Ohms)  
**THD:** 0,0007%  
**Dynamic Range:** 120dB  
**Powerconsumption:** 5V, micro USB  
**Dimensions W x H x D:** 103 x 37 x 120 mm  
**Weight:** 366g without power supply

## Head Box S2 Digital - High performance DAC and headphone amplifier

Head Box S2 Digital comes fully equipped for the highest demands of the modern audiophile. It supports playback for PCM files up to 32bit / 768kHz and DSD decoding up to quad DSD (DSD256). Head Box S2 Digital also comes with five digital filters for soundshaping to the listeners preferences. Three digital inputs ensure to connect to any source available, be it a personal computer via the USB B input or a TV set via the optical input. The co-axial S/PDIF input takes all data from a digital transport such as the CD Box DS2 T. All inputs offer support for high resolution data up to 24bit / 192kHz. The USB input offers full high resolution support for all files up to PCM 32/768 and DSD256. The front seated 6.35mm headphone output delivers a clean and precise sound with a musical touch. Un-wanted noise coming in through USB is double filtered to suppress them to a level where it can't affect

audio to realize an undisturbed listening experience. The new aluminium/metal casing ensures highest aesthetics and protects against vibration and interference! Head Box S2 Digital comes in silver or black.
