UP TO 100 METER

HDMI 2.0

HDMI cable with professional fibre optic technology. This technology facilitates data rates of up to 18 Gbps on a transmission path of up to 100 m. The cable therefore supports high-resolution 4K formats with 50 or 60 Hz as well as HDR and is the solution for connecting devices with an HDMI 2.0 interface over great distances. The compact micro HDMI plugs are another special feature of this cable. They can be conveniently pushed through almost any empty conduit. The scope of delivery includes the corresponding adapters to type A HDMI or DVI-D. The plugs and adapters are made of metal, have a precise guide rail and can be fastened together so they form a solid mechanical unit after installation.

Important: The running direction must be complied with!

VERSION 1

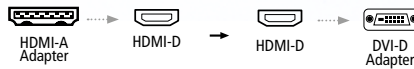

Scope of delivery:

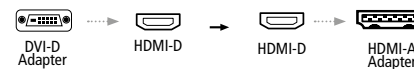

- 1 x pro HDMI cable HDMI-D -> HDMI-D
- 2 x adapters HDMI-D to HDMI-A
- 1 x operating manual

ITEM NO	EAN	LENGTH	SRP
0092431010	4001985516636	10m	409,00
